

Standing Up

Burada yaşamak güzel ben
seviyorum.
Ve çok güzel yemek yiyorum.
Perché siamo una grande comunità,
così è la vita in Europa.

If you're German, English,
Portuguese, French, Turkish.
Igual de donde tu és
So ceremos paz
We don't blame.
We're all the same.

We're standing up right now
for the only world we know
come on and take my hand
my friend

Alle landen en alle steden zijn perfect
zoal ze zijn.

So let's live in Peace together then
everything will be Fine.

We live in Europe, a world with
harmony and respect.

No importa de donde vengas, todos
somos iguales.

Egal was passiert, Hiç farkli olmayiz.

We're standing up right now
for the only world we know
come on and take my hand
my friend

We're standing up right now
for the only world we know
come on and take my hand
my friend

We are looking for peace in this world.
We are looking for justice in this world.

We are looking for certainty.
And we only stop until we find it.

We're standing up right now
for the only world we know
come on and take my hand
my friend

We're standing up right now
for the only world we know
come on and take my hand
my friend
